

Seminar programme «Online GIS for integrated landscape planning»

- 26.03.2014: Arrival to Joensuu. The rooms will be reserved for the seminar participants. Hotel-Restaurant Aada, Kauppakatu 32, Joensuu, Tel. +358 13 256 2200, Fax. +358 13 256 2231, email: huonevaraukset@hotelaada.fi
- 27.03.2014: University of Eastern Finland, Yliopistokatu, 4, **Agora** building, room 100
09:00 - 09:15 Opening the seminar, participants presentation, Dr. Timo Hokkanen
Questionary
09:15 - 09:30 Presentation of the KARLANDS project, Dr. Eugene Lopatin
09:30 - 09:40 Goals of the seminar, expectations, following activities, Dr. Eugene Lopatin
09:40 - 10:00 Integrated landscape planning in Finland, Dr. Timo Hokkanen
10:00 - 10:20 Vision for integrated landscape planning from Russian side. Dr. Mikhail Sukharev
10:20 - 11:00 Coffee break
11:00 - 11:30 KARLANDS GIS database structure, Mr. Nikolay Puteshov, Dr. Eugene Lopatin
11:30 - 12:30 Introduction to GIS and ArcGIS Online, Dr. Eugene Lopatin
12:30 - 14:00 Lunch in Aurora restaurant, Aurora building
14:00 - 14:30 KARLANDS Online GIS platform user's registration
14:30 - 15:00 Coffee break
15:00 - 15:30 Practical exercises on using the data: Mapping cross-border forest fire risk
 1. How to use the data for your own purposes?
 2. How to publish your maps on your websites using the data?
 3. What are the benefits of using common GIS databases?
 4. How to use the data prepared by experts from different fields?
15:30 - 16:00 Summary of the first day, group work assignments
18:30 Diner at Joensuun Teatteriravintola, Rantakatu 20, tel. 010 231 4250, www.teatteriravintola.fi
- 28.03.2014: University of Eastern Finland, Yliopistokatu, 7, **Metria** building, room 102
10:00 - 10:30 Press conference
10:30 - 11:00 Coffee break
11:00 - 11:15 Connectivity between high conservation value forests in KARLANDS study area, Dr. Eugene Lopatin
11:15 - 11:30 Value chain analysis of energy wood transportation from Russia to Finland, Mr. Maxim Trishkin
11:30 - 11:45 GIS database of especially protected territories of Republic of Karelia, Dr. Boris Raevskiy, Mr. Denis Maximov
11:45 - 12:00 Impact of harvesting within the buffer zone of Kostomukshskiy Strict Nature Reserve on connectivity between protected forest ecosystems. Mr. Sergey Tarkhov
12:00 - 12:30 Questions and answers on using ArcGIS Online, closing the seminar, open discussion
12:00 - 13:30 Lunch at restaurant of Finnish Forest Research Institute (METLA)
14:00 - 16:00 KARLANDS project management team meeting (invitations only)
Note: Participants are expected to come with own laptops or tablet computers to be able to learn how to work with ArcGIS Online. The advanced access rights to KARLANDS project GIS database will be provided for free to all seminar participants.
